Description: In this study Brian Bosworth looks at the critical period between 329 and 325 BC, when Alexander the Great was active in Central Asia and what is now Pakistan. He documents Alexander's relations with the peoples he conquered, and addresses the question of what it meant to be on the receiving end of the conquest, drawing a bleak picture of massacre and repression. At the same time Alexander's views of empire are investigated, his attitude to his subjects, and the development of his concepts of personal divinity and universal monarchy.

My name is Kareem Issa and I am part of Gator Gaming, the University of Florida's videogames club. We hold a huge LAN, called GatorLAN, twice a semester and was wondering if ASUS would be interested in sponsoring our event on November 19th. GatorLAN is huge LAN tournament event at the University of Florida.

Jenkins combined data from 14 different British Household Panel Surveys over 1991 to 2004 with the findings from five European surveys. Recalculating the results using the formula by which the government measures poverty, he established new per capita incomes. Jenkins found that the positive effect on men's finances is so significant that divorce can even lift them out of poverty, while women are far more likely to be plunged into destitution.
