He fairly young, Vick said. Still has football left in him, but it still predicated on what teams want in the quarterback position. Training camps opening soon, there still has been a team to step forward and say Kaepernick has what it wants in a quarterback, even in a backup

quarterback..

I found a solution that works by essentially shuffling the arrays and checking to see if they line up, but obviously this is very slow it takes about 100 5000 attempts to get one that works. Since this is for a simulation which will occur thousands/millions of times, this is not going to cut it. I'm hoping there's an approach that could generate these pairings on the first try.
