How threadbare they will appear in comparison with this masterpiece Werbner has served up. Or, perhaps I should pity the ethnographic films that come unaccompanied by text from a masterful theoretician and storyteller with Werbner's facility. This exercise in the anthropology of ritual performance and the cinematic is but the latest example of Werbner's ability to continually reside at the cutting edge of the anthropological enterprise." And he finds that The Last Champions were also the last ordinary people to win the league, before the Premier League saw
