2. Many college athletes face injury because of being overused playing their sport. The study analyzed 573 male and female college athletes from NCAA Division I schools. This is the sum now recognised by the independent fact checking organisation Full Facts. Plus, as corey white jersey Prof Ian Begg of the London School of Economics notes, the rebate is deducted before any payment is made, so it is simply wrong and arguably, given the fuss that has been made about the question, deliberately untruthful to say Britain "sends the EU 350m a week". The Treasury actually remits just over 100m less a week. The remain camp further argues although Vote Leave could rebut this more easily that even the lesser weekly sum of 248m does not fairly reflect the cost to the UK of EU membership, because it ignores EU spending on the UK.Last year, the Treasury estimated these receipts from Brussels at 4.4bn, money spent mainly in the private sector but also distributed by public bodies, to farmers and poorer parts of the UK, such as Cornwall and south Wales. As pointed out by InFacts, which aims to make "the fact based case for remain", the EU also injects money directly into the UK's private sector, for example, for scientific research through programmes such as Horizon2020. The most recent figure for this, from 2013, is 1.4bn.Deduct both the rebate (4.9bn), which is never actually paid, and the money that is paid but sent back (5.8bn), from the gross 17.8bn annual "membership fee" and you arrive at a net figure of 7.1bn.
