But as the OpMaryville threats climbed throughout Monday, so did another hashtag: Justice4Daisy. And while it may too have been fueled by Anonymous, the latter movement is being owned by a different group of people: activists who show their names and faces. Like the hackers, they live and work on social media, but this group is more interested in public declarations and peaceful demonstrations, inspired by the massive Justice4Trayvon movement..

There are three reasons why I think LibreOffice will win. First, LibreOffice has many more programmers and far more community support. Second, LibreOffice's choice of open source licences gives it an advantage. If they wanted to ensure the players to come over, they could include insurance to guarantee 1 year of previous (NFL) contractual salary as the signing bonus for switching/committing to their new professional league. Provisions could also include disciplinary hearings that are FAIRLY REPRESENTED MARIJUANA NON CONTROLLED. BETTER OWNER SHARE, and other provisions that league/owners would gladly agree to for the opportunity to own a monopoly on the top TV draw in the United States; an audience that will only watch the BEST players in football, as proved by the old games (the public wants the BEST.).
