Offensive coordinator Hue Jackson wants to run the ball with HB Jeremy Hill (86 OVR) behind a good offensive line featuring LT Andrew Whitworth (95 OVR) and RG Kevin Zeitler (89 OVR). A. J. Use HTTP/2 Server Push One downside of making segments really small is that the total number of network transactions goes up by an equivalent amount. HTTP/2's server push counteracts this by pushing multiple segments in a single network transaction. It also allows for smaller segments than what would otherwise be possible due to the TCP slow start/congestion

control issues mentioned above, by effectively creating large "virtual" segments..
